

To Whom it May Concern:

I, the owner of Textile Brewing Co, think it's in the town's best interest to open up the ATV/UTV Usage in the city limits of Dyersville to help profit the revenue to my business.

Since^{an} ATV is similar to a vehicle and follows vehicle laws, I don't see a problem with this form of transportation.

Most ATV owners are older, professionals that have the common sense needed to make the new ATV law effective.

As a small business, I would benefit from ATV traffic!

I am in support of approving of ATVs.

Respectfully signed,

Carol Miller 1/29/21

Business Owner
