

To Whom it May Concern:

I, the owner of Chad's Pizza, think it's in the town's best interest to open up the ATV/UTV Usage in the city limits of Dyersville to help profit the revenue to my business.

With the Use of snowmobiles allowed in Dyersville, (many use the Lot next to my Business to park) I Don't see any reason we should not allow ATVs as well.

I believe all Laws should apply to ATVs if they are allowed in the City Limits.

As far as Safety goes, I think Anything would be safer than a 2-wheel moped on our streets.

Respectfully signed,
