49.01 PURPOSE. This chapter is a regulatory measure aimed at protecting the health and safety of children in Dyersville from the risk that convicted sex offenders may re-offend in locations close to their residences. As recognized by the Eighth Circuit United States Court of Appeals in its April 29, 2005 decision of *Doe v. Miller*, and as recognized by the Iowa Supreme Court in *State v. Miller*, and as recognized by the Iowa Supreme Court in *State v. Seering*, decided on July 29, 2005, the City finds and declares that sex offenders are a serious threat to public safety. When convicted sex offenders reenter society, they are much more likely than any other type of offender to be re-arrested for a new rape or sexual assault. Given the high rate of recidivism for sex offenders and that reducing opportunity and temptation is important to minimizing the risk of re-offense, there is a need to protect children where they congregate or play in public places in addition to the protections afforded by State law near schools and day care centers. The City finds and declares that in addition to schools and day care centers, children congregate or play at public parks, swimming pools, multi-use recreational trails, and libraries, school bus stops, and other places children regularly congregate.
