

## **XI. Clean-Up**

The City's cleaning staff will make sure the facility is cleaned following your event. No renter will be allowed to tear down tables or chairs following their event and it will be done by the cleaning staff. The cleaning staff's time will be assessed against your damage deposit and this fee cannot be waived. While the City's cleaning staff does the cleaning, the renter is still responsible for the following:

1. Remove all decorations and personal items from the facility.
2. Place all garbage into the garbage cans.
3. All liquids should be poured down the drain and not placed in garbage cans.

Failure to follow these cleaning guidelines may result in a withholding from your damage deposit.
